The problems of "rotten information"

The pervasion of hate speech

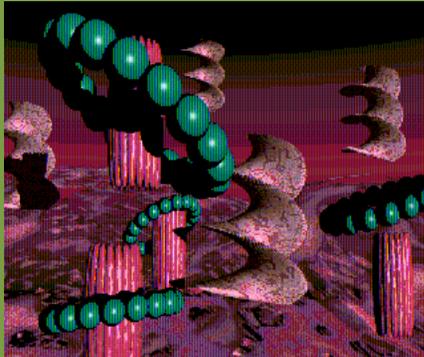

The porn problem – what's to be done?

A crisis in civility?

Spatial Models of Electronic Discourse: "Cyberspace"

The New Jerusalem, ca. 1992

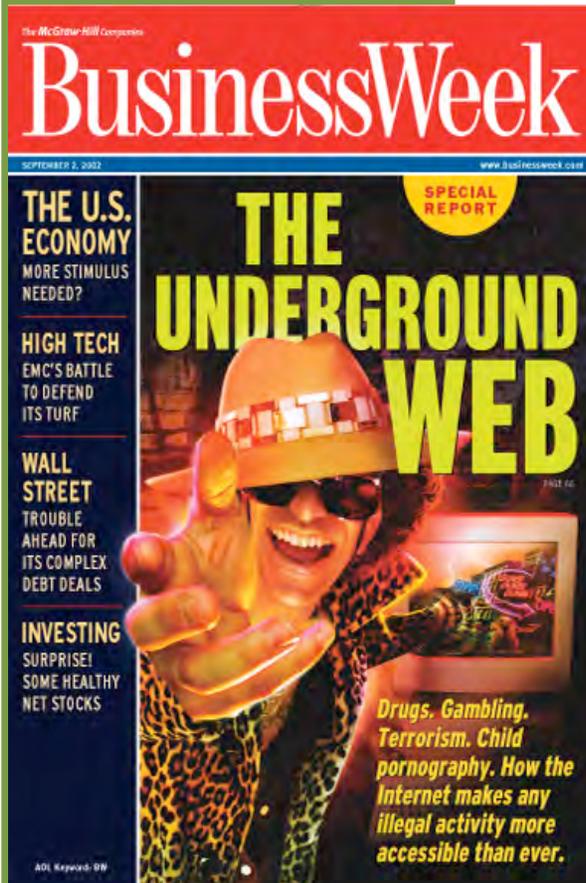

Cyberspace: A world in which the global traffic of knowledge, secrets, measurements, indicators, and alter-human agency takes on form: sights, sounds, presences never seen on the surface of the earth blossoming in a vast electronic night. . . . From vast databases that constitute the culture's deposited wealth, every document is available, every recording is playable, and every picture is viewable. The realm of pure information, filling like a lake.

— Michael Benedikt, Introduction to Cyberspace, MIT Press, 1991

Visualizations of cyberspace

Cyberspace: The Morning After

The virtual Bowery

[The Internet is] a place where crime is rampant and every twisted urge can be satisfied. Thousands of virtual streets are lined with casinos, porn shops, and drug dealers. Scam artists and terrorists skulk behind seemingly lawful Web sites. And cops wander through once in a while, mostly looking lost. It's the Strip in Las Vegas, the Red Light district in Amsterdam, and New York's Times Square at its worst, all rolled into one -- and all easily accessible from your living room couch.

"The Underground Web," *Business Week*, 9/2/02

Varieties of "Rotten Information"

Problems of authenticity: fakes, hoaxes, forgeries, plagiarism, etc.

Problems of quality: reliability and "authoritativeness"

Problems of "pollution": pornography, violence, racism & hate speech, predators, incivility, etc.

Mary Douglas: "Dirt is matter out of place... Dirt then, is never a unique, isolated event. Where there is dirt there is a system. Dirt is the by-product of a systematic ordering and classification of matter, in so far as ordering involves rejecting inappropriate elements."

How to tell pollution from the merely "unacceptable"?

A Racist Hoax

THE FRANKLIN PROPHECY

Recorded by Charles Coteworth Pinckney

Delegate to the Constitutional Convention of 1787

"I fully agree with General Washington, that we must protect this young nation from an insidious influence and impenetration. The menace, gentlemen, is the Jews.

"In whatever country Jews have settled in any great number, they have lowered its moral tone; depreciated its commercial integrity; have segregated themselves and have not been assimilated; have sneered at and tried to undermine the Christian religion upon which that nation is founded....

"I cannot find a single original source that gives the slightest justification for believing that the Prophecy is anything more than a barefaced forgery. Not a word have I discovered in Franklin's letters and papers expressing any such sentiments against the Jews as are ascribed to him by the Nazis — American and German." A Dinaricized German from Heidelberg; although his face shows in exaggerated degree all of the criteria of Dinaricization, the great size of his cranial vault is unusual for Dinarics and implies the presence of unreduced Upper Palaeolithic factors. This individual might be called a Noric, since the Mediterranean element contained is unquestionably Nordic, and probably Nordic of the Corded variety.

Shakespeare's plays, Einstein's theories -- and porn queen Jenna Jameson's steamy on-screen sexcapades.

New Yorkers can take their pick at the city's public libraries, thanks to a policy that gives a the most uncensored access to extreme, hard-core Internet smut this side of the old Time Square.

"What they're doing is publicly funding an appetite for the most debased fare available," said Catholic League President Bill Donohue. "It's not like a Playboy centerfold anymore -- it's far worse."

Porn on L.A. Library Public Terminals Gets Serious Debate in City Hall

Ah, L.A. City Hall, always tackling the Big Issue. Like cat declawing and an Arizona business boycott that has no teeth.

And now the accidental, over-the-shoulder viewing of internet porn at public libraries is a matter of serious inquiry among city officials.

Yes, this was actually a major topic of discussion at the Arts, Parks, Health and Aging Committee meeting this week.

And what was done about it?

Why nothing, of course.

Not an L.A. library branch (but could be).

The profusion of pornography

Whereas pornography was once furtively glimpsed at dimly lighted newsstands or seedy adult theaters, today it is everywhere. It pours in over the Internet, sometimes uninvited, sometimes via eagerly forwarded links...

...Whereas children used to supplement sex education by tearing through *National Geographic* in search of naked aboriginals and leafing through the occasional *Penthouse* they stumbled across in the garage, today many are confronted by pornographic images on a daily basis. In a 2001 poll by the Kaiser Family Foundation, 70% of 15-to 17-year-olds said they had accidentally come across pornography online.

WASHINGTON – Republicans are stepping up their criticism of the Securities and Exchange Commission following reports that senior agency staffers spent hours surfing pornographic websites on government-issued computers while they were supposed to be policing the nation's financial system.

"More than 4 million Web sites worldwide show images of children being sexually exploited, said the U.N. investigator on the sale of children, child prostitution and child pornography... "

It is estimated that 100,000 sites contain child pornography."

"A total of 4.2 million websites contain pornography."

The New Incivility

The Rise of Incivility

"The happiest and most peaceful parts of the World Wide Web are the places where people are buying things. The nasty parts of the Web are where people are doing what the Founding Surfers intended: expressing themselves and forming communities. Have you visited cyberspace lately? As a friendly place to hang out, give me meatspace any day."

Michael Kinsley, *Cybercreeps Run Amok*, 2005

The Rise of Incivility

Technological explanations

...because email is such a casual means of communication, it privileges those who prize informality. What happened to "Dear Sir", "Yours faithfully... They died, you reply, but nobody bothered to tell you, granddad. Stuart Jeffries, *The Guardian*

...maybe banging out an e-mail is just so easy, compared with all the necessary elements of writing a letter, that the id can send out a half-dozen e-mails before the superego can stop it. Michael Kinsley

What "flamers" have in common with the digit-wagging driver, with the talk-show callers, is not just their aerobic exercise of the "freedom of speech." They belong, rather, to the growing uncommunity of people who now act with the protection of anonymity. Ellen Goodman 1999

Or is everybody just snarkier these days?

The Rise of Incivility

A New Phenomenon?

So where did all the civility go?... I keep coming back to my long-standing hunch that it all began to go bad around 1965. That was the year that America, suddenly, became postmodern. Many venerable American traditions -- some wonderful, some horrible -- all vanished at the same time.

Stephen Carter, *Civility: Manners, Morals, and the Etiquette of Democracy*
