SIMS 202 PHONE PROJECT – ASSIGNMENT 3 PHOTO CAPTURE AND ANNOTATION (Due September 25, 2003)

September 18, 2003

0. DOCUMENT SUMMARY

1. LEARNING HOW TO USE THE PHONE
2. PHONE USAGE GUIDELINES
3. TAKING AND ANNOTATING PHOTOS
4. SUBMISSION REQUIREMENTS

1. LEARNING HOW TO USE THE PHONE

Each phone comes with a Quick Start Guide and User Guide, provided by Nokia. Review at least the Quick Start Guide to familiarize yourself with the basic operations of the phone. Please pay special attention to the "Keys and parts" section in the centerfold of the Quick Start guide, as the Scroll Key and Menu Key are important interface elements of the Mobile Media Metadata system.

Nokia also provides an online tutorial and a pdf of the user manual on the Nokia 3650 website.

Please also review the enclosed Image-Gallery User Guide before you begin taking and annotating photos.

2. PHONE USAGE GUIDELINES

These phones and their voice and data services have been donated to SIMS for research purposes. With this in mind, please limit your use of the phones to activities that are related to the goals of the IS 202 Phone Project.

All of your phones have been activated with unlimited voice and data service in the AT&T Wireless San Francisco Bay Area local calling area. This calling area incorporates the regions covered by the 510, 415, 925, 650, 408, 707 and 831 area codes. Please do not place calls or transmit data outside of this calling area..

3. TAKING AND ANNOTATING PHOTOS

With the goals of your application and the overall goals of the class project in mind, each group member is required to take at least 5 pictures relevant to the scenario you specified in assignment 2.

To take, annotate and store photographs for the project, you will use the custom Mobile Media Metadata (MMM) software, Image-Gallery, that is installed on each phone.

Always be sure to use the custom Image-Gallery software to take and annotate pictures for the project.

For help using the Image-Gallery application, please consult the user guide, your classmates and TA's. As a last resort, send email to
 mmm-help@sims.berkeley.edu.

To report technical malfunctions, feature requests, and general feedback regarding the Image-Gallery application, send email to
 mmm-bugs@sims.berkeley.edu.

4. SUBMISSION REQUIREMENTS

1. Before class meets on September 23rd, each team member should take and annotate five appropriate photographs, using their Nokia phone and the Image-Gallery application.

2. When you have finished taking and annotating your five photographs, please send email to is202-ta@sims.berkeley.edu to notify us that you are finished with the assignment.
