

SIMS 202 PHONE PROJECT – ASSIGNMENT 5

Phone Project Presentation (Due October 21, 2003)

October 9, 2003

0. DOCUMENT SUMMARY

- 1. PRESENTATION**
- 2. TOOLS**

1. PRESENTATION

On Tuesday, October 21, your group will present what you have done in prior phone project assignments to the rest of the class. Each group will have 10 minutes to present. This time limit will be rigorously enforced in order to accommodate all groups.

We recommend structuring your presentation as follows:

- 1. 2 minutes: Presentation of Application Idea
- 2. 6 minutes: Presentation of Classification and Photo Browser
- 3. 2 minutes: Time for Q&A

We also require that every member of the team be given the opportunity to present.

2. TOOLS

You can use PowerPoint slides or a web page for your presentation.

All presentations should be linked to and accessible from your group web page. This will facilitate a quick transition from one group's presentation to the next.

Your Classification and Annotated Photos will be viewed using Flamenco. Instructions on how to use Flamenco to browse classifications and annotate photos will be distributed in the next few days.
