IS213: Interview Questionnaire

Research Methodology

1. What is the last project that you were involved in? (actual fieldwork or archaeology-related research paper)

2. Did you do any background research to prepare for the project? What kinds of research did you do?

3. How did you do your research?
 - a. Did you have a system for organizing your research? What was it?

 - b. Are there any improvements you would like to make on this method?

 - c. What resources did you use to do your research?

4. For someone who doesn't know, what is the typical process in archaeological research?

5. What is the process that you have to go through to access a collection such as the Uhle artifacts?
 - a. What kinds of things did you look at in that collection? (What do you look at in an artifact or document?)

b. What kind of research preceded looking at that artifact?

c. What kind of research followed looking at that artifact?

6. Do you have any experience with doing research online?

a. If you used an online resource on your last project, what was it/were they?

b. What did you like or dislike about it?

c. Are there any improvements you would like to see with those resources in particular?

d. If you did not use an online resource on your last project, would you have wanted one?

e. What kinds of things would you want to see in such a resource?

f. Can you recommend similar websites or systems that you have used in the past?

Demographics

7. What is your job? Where do you work/who do you work for?

8. What is your academic background?

9. How long have you been in your current field?

10. What is your specialty/what are you interested in?

11. Would you be willing to participate in later user testing?

12. Additional comments or question...are there any questions you think we should have asked?
