

SIMS IS290-01 DIGITAL MEDIA DESIGN STUDIO

MILESTONE 1 – PROJECT STATUS UPDATE

0. DOCUMENT SUMMARY

1. PROJECT STATUS UPDATE
2. HANDING IN THE ASSIGNMENT

1. PROJECT STATUS UPDATE

In IS290-01 Digital Media Design Studio we will be continuing and completing the projects begun in IS246 Multimedia Information (some of you may however choose to join other projects than you participated in IS246 or possibly begin a new one). *Our expectation is that you will design, build, test, iterate, and present a working digital media application prototype by the end of the course.* You will have numerous opportunities to work with your classmates and the teaching team on your projects. To begin that process, we are asking you to present a project status update. In class please make a 10 minute presentation covering the following issues and questions:

- Your project team
 - Who is on your team and what are their roles?
 - Are you missing any important team members?
 - How do/will you manage your team?
- Your project idea
 - What does it do?
 - How will it work?
- Your project motivation
 - What problem are you trying to solve?
 - Why do you care about this problem?
 - What do we expect to learn from this project?
- Your target audience
 - To whom does this solution matter? Why?
 - How will you work with this population in designing and testing your prototype?
- Your project design process and testing methodology
 - What design process will you use and why?
 - What testing and evaluation methodology will you use and why?
- Your project implementation status
 - What have you done thus far?
 - What resources do you have to complete the prototype?
 - If any are missing, what will you do about this?
- Questions
 - What questions do you have that you would like help with?

2. HANDING IN THE ASSIGNMENT

If you would like to use a handout and/or make a projected presentation, please email the files to marc@sims.berkeley.edu by 2:00 pm the day you are presenting.
